THE CYCLE OF

Behavior-Based Safety Obsevations

OBSERVE CO-WORKERS

Let them know you're observing them and look for:

- Body Position Posture, Fall Risk, Line of Fire, Twisting, etc.
- PPE Eyes and Face, Respiratory System, Hand Protection, etc.
- Tools & Equipment Correct Use, Condition, etc.
- Work Environment Housekeeping, Hazards, Area
 Organization, etc.
- Procedures LOTO Not Posted, Training, etc.

LEARNING OPPORTUNITIES

No one gets in trouble. We use your observations to inform:

- In- Person Follow-Ups with individual staff.
- Training sessions with the team.
- **Operation** Updates to Safety Procedures.
